HEALTHY MEAL / CAFFETERIA

Dear parents

Healthy meals –an innovative step towards food caring along with educating. It aims to provide freshly cooked, nutritious, healthy, balanced and warm meals. An extension to mother’s tiffin, it fills the gap between what a mother loves to give her child in the tiffin box, but is unable to do so. It actually bridges up the gap between a mother’s desire and practicability, adding quality and value to the lunch hour during school time.

The school therefore provided free meals to students today so that they have a taste of it. The same will be continued from next week. If you are interested to avail this facility of healthy meals at school kindly fill in the form and send a nominal amount of Rs.200 for 7/5 Monday to 11/5 Friday. There is no provision for on the spot order of the meal. The tentative menu for the week will be Poha+Cutlet/Idli Sambhar/Poori Aaloo/Jumbo Veg sandwich/Rajma Chawal.

The school meal programs hold the potential to provide nearly all the school children with access to nutritious, low-cost meals to support their growth, development, and health. School can be the perfect place to teach children about food and healthy habits. Kindly fill in the form and submit in the school.

NAME: _____ CLASS: _____

I am interested/not interested in the meals facility of the school.
